PIKMYKID

PRESENTED BY:

Meghan Ford
Tara Steinberg
Tracey Noelzinord
Adam White

IMPACT STUDY

In total, 33 people participated in a survey sent via email to all of PikMyKid's current users. All participants are current users of the PikMyKid app.

RESULTS

81%

of participants saw a reduction in traffic congestion

78%

of participants saw an improvement in safety at their school

75%

of participants saw their dismissal speed improve

73%

of respondents would like to see an alert system for campus safety

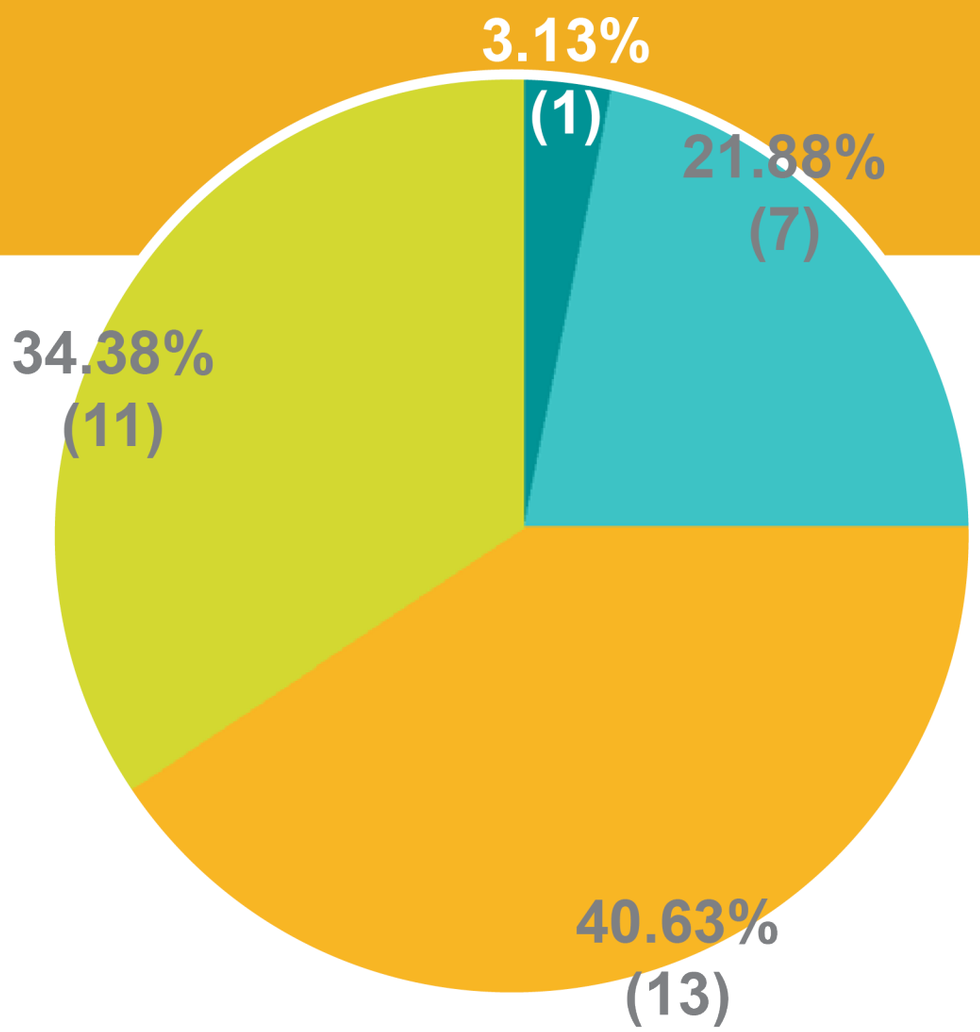
41%

of participants found it easy to implement the app

65%

of participants' costs increased

THE SPEED OF THE DISMISSAL PROCESS:



75% of clients saw an increase in the speed of dismissal. One client reported that since implementation: Dismissal is down to 15 minutes to dismiss 235 kids.

One client stated:

"More efficient and cut down dismissal time by more than 10 minutes."

Much slower

Slightly slower

The same

People thought PikMyKid was: casting service, adoption services, modeling service, DNA company, coaching for sports, tutoring service, child photography, dodgeball and Pokemon company.

Strongly disagree | Disagree | Neutral | Agree | Strongly agree

RECOMMENDATIONS

1 CHANGE VALUE PROPOSITION/MARKETING TO FOCUS ON:

FASTER DISMISSAL TIME

DECREASING TRAFFIC CONGESTION

IMPROVING DISMISSAL SAFETY

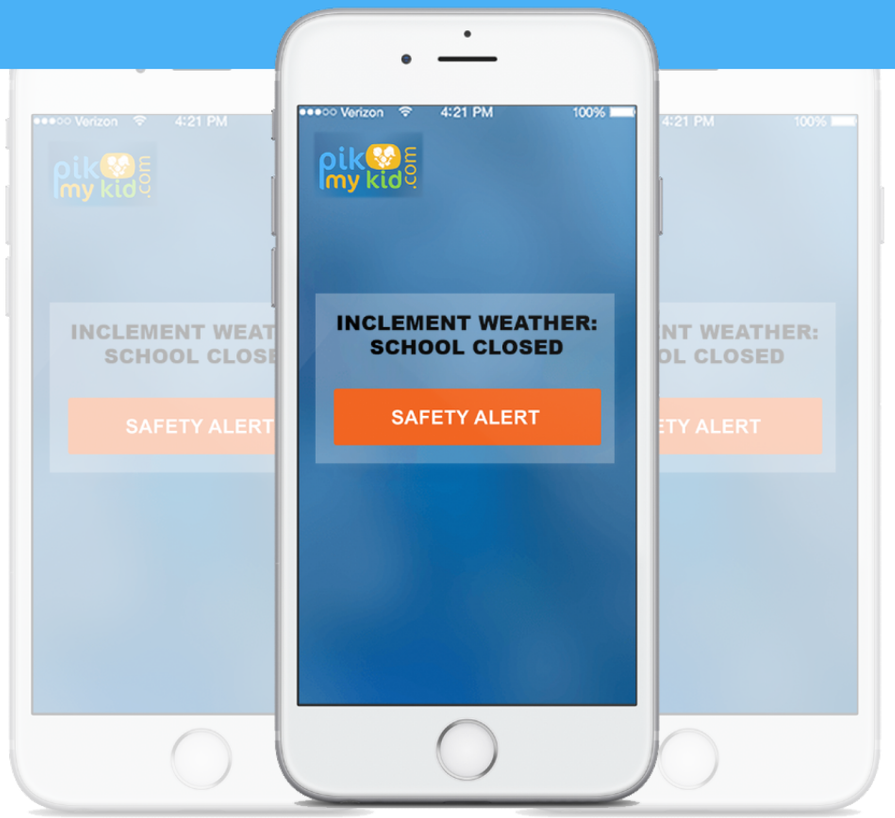
Individual Schools – do not focus on cost savings as this did not resonate with individual schools.
Public Sector – focus on decreasing traffic congestion, safety and cost savings.

2

ADD SAFETY NOTIFICATION FEATURE TO APP

ALERTS
FOR WEATHER

CAMPUS
LOCKDOWNS



3

EVOLVE COMPANY NAME TO HIGHLIGHT SAFETY
